

CASTING CALL

**Do you have star quality?
We want to see it!**

We're making a video about our office to compete for a spot on Nurse TV! Come tell us why you have the greatest job in the world — and why Interim is the greatest place to work. Is it because of the flexibility it offers you? Is it the resources provided to help you grow your career? Maybe it's the satisfaction of working in healthcare and helping people on a daily basis. Or just maybe it's the special relationships you have with us — the people you work for and with!

Tell us what you like best about working for Interim — and you might just get discovered!
