Medicare GUIDE Helps You Stay Supported at Home,

Medicare Now Covers Personal Care!

For the first time ever, traditional Medicare (**Parts A & B**) is covering in-home support for individuals with Alzheimer's or dementia.

Through the new GUIDE program, you could receive \$2,563 in covered care — including:

In Home Care Assistance

Home-based respite

And more...

Peace of Mind

We'll check your eligibility for **GUIDE** instantly during your initial call and help obtain all the documents necessary for your coverage.

If you qualify, you'll receive up to **80 hours** of support at no cost to you.

Personalized Support

Everyone's needs are unique. If you already receive help through VA, Medicaid Waiver, or long-term care insurance, we can help you combine those benefits with GUIDE for even more support — customized just for you.

Interim Provides Care You Can Count On.

After the \$2,563 Medicare benefit is used, we'll continue helping you in any way we can — through private pay, VA programs, or other resources. We're here to walk beside you, every step of the way.

Proudly Serving West, SW, and Mid Michigan Communities.
